- **Display**– Bright, large and visible
- **Power**– 9V 100mA AC adapter or 9V alkaline battery
- **Operator Keys**– On/Off/Tare, Units, Hold

MS20 Series Medical / Veterinary Scales

Features

The MS20 scale is particularly suited to the medical or veterinary industry. With a capacity of 44 lb (20 kg) and readability of 1/2 oz (10 g), the MS20 will accurately weigh infants or small animals.

The scale has a "HOLD" feature that will capture an unstable weight and keep it on the display for recording after the weight is taken off.

The MS20 is offered in two models and can operate on battery (single 9 VDC) or AC (adapter included). The MS20 comes with a plastic weighing tray and the MS20S comes with a stainless steel weighing tray.

Specifications

Capacity: 20 kg x 10 g (44 lb x 1/2 oz)

Display: 1.0" LCD display with 4 active digits

Keyboard: On/Off/Tare, Unit, Hold

Power: 9V alkaline battery or 9V 100mA AC adapter
